

ANOTHER AMAZING **NEW** PRACTICE RESOURCE, AVAILABLE **NOW** FROM CHARLES BLAIR, DDS...

CODING WITH CONFIDENCE is a **unique reference guidebook** that goes beyond the typical “list and describe” found in other coding handbooks. Developed using information compiled from thousands of interviews with doctors and staff and examining their practice data, the book uses **PREDICTIVE ERROR CORRECTION** technology to help predict common errors and mistakes before they are made.

This manual provides expert assistance to practice staff finding it difficult to keep up with the frequent changes, revisions and deletions in the CDT codes, now mandated every other year. Reader-friendly graphics like the Coding Correction, Warning, and Watch icons ensure you know what to look out for with hundreds of different CDT codes.
